CONTENTS OF VOL. I.

No. I.

Preface, ... v
Medical Education, ... 9
Observations on Surgical Anatomy, . 10
Medical Jurisprudence, (Wounds) . 26
De Conceptu Adnotationes Quædam . 31
Observations on the new Italian Doctrine of Counterstimulus, . . 43
On the actions of the Animal Œconomy, 60
Extraordinary case in Obstetricks, by Dr. Wm. N. Luckey, . . . 62
MISCELLANEOUS.—Notice of an improved Cupping Apparatus, by C. Sellers, of Philadelphia, . . . 75
A new Instrument for Cataract, by Professor Gibson, ... 76
Observations on Arnott's Dilator, . 77
Serres on Apoplexy, ... 79
Observations on Bronchocele, . . 82
Experiments on Hydrophobia, by Magendie, ... 83
Nitrous Acid a substitute for Blisters, 87
Lusus Naturæ, ... 90
Anatomick model of the human body, 91
On the Thyroid Gland, ... 91
" Spinal Marrow, ... 94
Structure of the Eye, ... 95
Pyroligneous Acid, ... 98
Injection of fluids into the trachea, . 98
Ribes on fistula in ano, ... 97
Cesarean Operation, ... 99
Professor Walker on Bronchocele, . 99
Chemistry: Daturium, Atropia, Hyoscyama, New Alcali, Ice, . . . 100
Gypsum at Sandusky, ... 110
To Correspondents, ... 101

No. II.

Medical Quarrels, ... 103
Review of systems of Nosology, . . 111
" " Francis' Denman, . . . 123
Medical Jurisprudence, (Infanticide) . 125
Observations on the Sick Stomach, by Dr. Coleman, ... 133
Facts relative to the same disease, by Dr. Haines, ... 141
Case of Fungus Hæmatoides, by Dr. Luckey, 144
" " Tumour on the head of an infant, by Dr. Wood, ... 147
Observations on the study of Natural History, 148
Geology of the Falls of Ohio, . . 153
Address to an Anatomical Class in Phila. 154
MISCELLANEOUS.—Dr. North's new method of operating for the Stone, 160
Dr. Hartshorne's improved Apparatus for Fractures, ... 171
Effects of Deleterious Effluvia on the Animal Economy, ... 173
Account of the Epidemick Cholera at Mauritius, ... 178
Cases of inflammation of the Pericardium, by R. Knox, ... 185
Yellow Fever, ... 192
Contusions on the Epigastrium, . . 193
Case of a remarkable dislocation of the Patella, ... 200
Oil of the Croton Tiglium, . . . 201
Mapleson's Treatise on Cupping, . 202
To Patrons &c. 205

No. III.

Medical Excellence, ... 209
Phrenology, ... 216
Medical Jurisprudence (Infanticide) 226
Case of Injury on the Head, by Dr. Dunlavy, 242
Case of Fungus on the Scalp, by Dr. Lathrop, 245
Yellow Fever, ... 246
MISCELLANEOUS.—Academy of Natural Sciences, ... 250
Discovery in Mathematicks, . . . 251
Case of Rupture and Inversion of the Uterus in a Cow, ... 252
Natural History, Western Museum, . 253
Apparatus for Fractured Thigh Bones, . 253
Report on Absorption, by Harlan and Lawrence, ... 257
Case of Tetanus which terminated in recovery, ... 277
Case of Inversio Uteri, . . . 279
Formation of Flexible Elastick Tubes, . 281
Circular from A. Brongniart on Organick Remains, ... 284
Two cases of the effects of Nitrous Oxide, 287
Thomas' Domestick Medicine, . . . 289
Lizars' case of Neuralgia by operation, 289
Hutchinson's case of Tic Doloreux, . 293
Carbonate of Iron in Tic Doloreux, . 295
Bell on the Nerves, ... 296
Oil of Turpentine made palatable, . 300
Piper Cubeba in Leucorrhœa, . . 300
Magendie's Physiology, . . . 300
Chlorine in Hydrophobia, . . . 302
Absorption from the Lungs, . . . 302
Successful case of the Cesarean Operation, 305
Mercurial Ointment in Erysipelas, . 306
Dr. Drake's Address to the Physicians of the Western States, . . . 307
To Correspondents, ... 311
Entomology, ... 312

XUM

No. IV.

Medical Duties, ... 413
Medical Jurisprudence, (Pulmonary Docimasy) 417
Observations on the Sick Stomach, by Dr. Bennett, ... 343
Further Observations on the same disease, 345
Annotationes de Conceptu, . . . 348
On the Scenic Costumes, by Dr. Stearns, . 349
Letter on Artificial Eruptions, by Dr. E. Jenner, ... 357
Mathematical Problem, by T. J. Matthews, 354
MISCELLANEOUS.—Foreign body three months in the trachea, . . . 398
Peculiate of Iron, in fever and ague, . 396
" " in dysentery, . . 397
Natural History (Insect Plant) . . . 398
Dr. Horner's Discovery, ... 400
Dr. Physick's " 400
Useful Minerals in North Carolina, . . 400
Remarks on a case of Bronchotomy by Henry Earl, Esq. 401
Professor Osiander on Uterine Vagitus, and the Respiration of the Fœtus, 404
On Diabetes; by Dr. Trotter, . . . 406
Taddei's New Antidote to Corrosive substances, ... 408
Preservation of Anatomical Specimens, 409
On the strong evaporating property of Camphor, ... 410
Valve of the Colon overcome, . . . 411
Chemical examination of Cubebs, . . 411
Detection of Poisons, ... 412
State of the Skin, &c. in Yellow Fever, 412
Decoction of Oak Bark, used as an application to reducible Hernia, . . 413
To Readers and Correspondents, . . 414
